KINDLING GLOBAL SUMMIT

Ignite Potential. Pass the Flame. Transform the World.

PARTNERSHIP OPPORTUNITIES · 2027

Help a hundred young leaders catch fire.

The first edition · Kuala Lumpur, 22–25 March 2027 · Organised by OPPNERGY

WHY KINDLING EXISTS

Talent is everywhere. The first flame is not.

Capable young people miss opportunities that exist, because nobody told them, prepared them or stayed with them long enough for the spark to catch.

KINDLING closes both gaps, then asks every delegate to do the same for others.

01

The opportunity gap

Not knowing where opportunities are, or how to reach them.

02

The ability gap

Not having the skills, confidence or network to seize them when they come.

Our belief: the flame must not end with you.

HOW IT STARTED

It began with one community and a simple belief: mentorship works.

In April 2024, Nsom Emmanuel started **OPPNERGY** in Bamenda, Cameroon: a community that recruits and trains people, whatever their career path or level, and connects them to opportunity.

LEVEL 1

Online presence, jobs, personal and professional growth

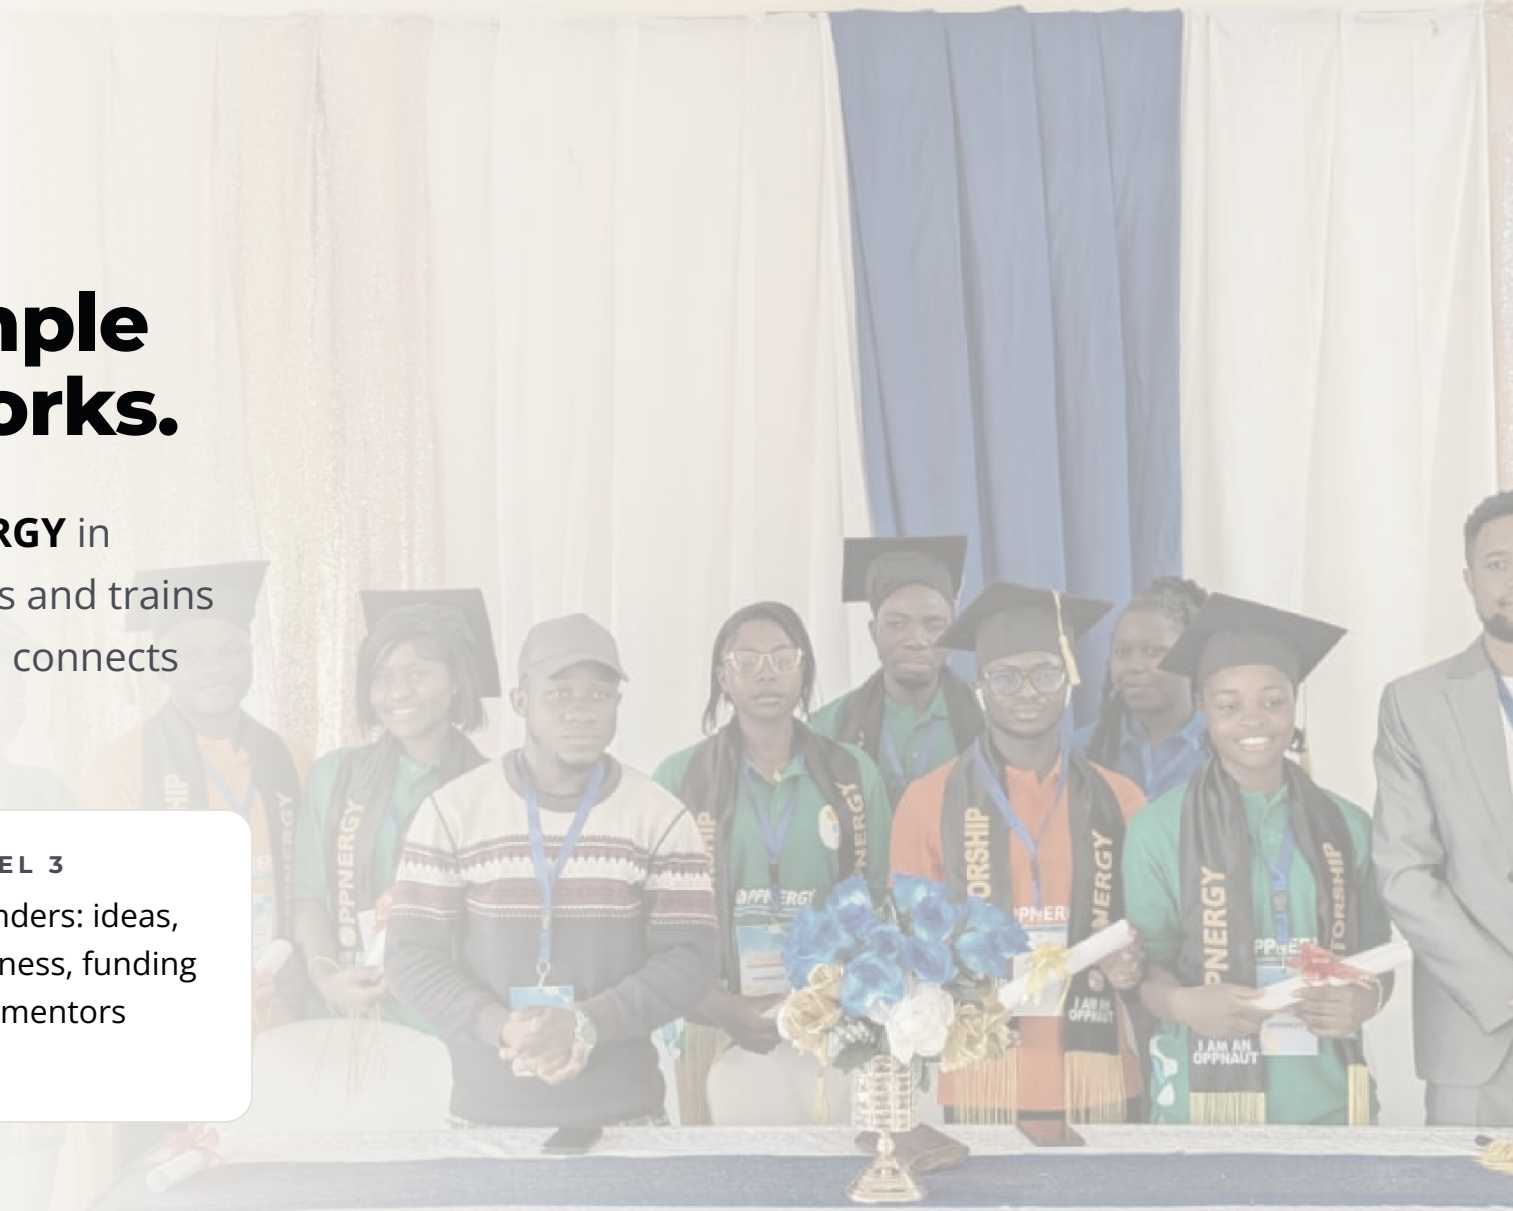

LEVEL 2

Projects, leadership, research and pitching

LEVEL 3

Founders: ideas, business, funding and mentors

Those who are mentored go on to mentor the next cohort.

THE PROOF

The OPPNERGY mentorship programme works.

80+
Oppnauts trained and mentored

20+
projects built by members

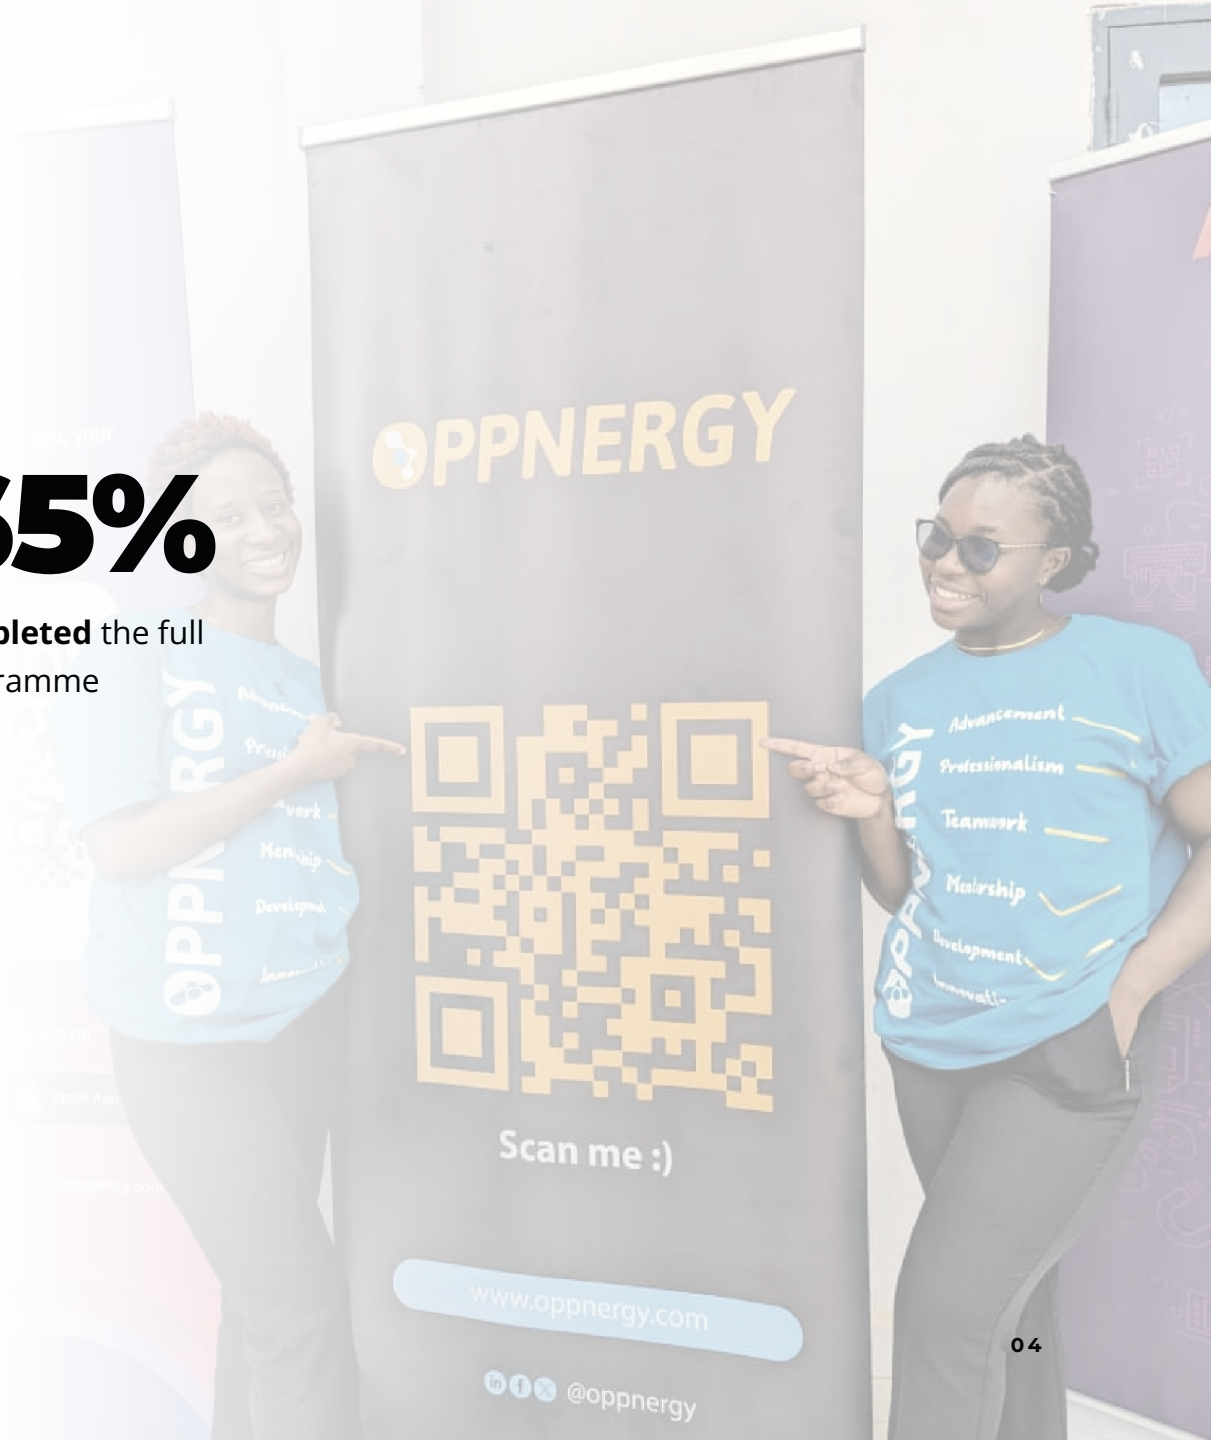

90%
satisfaction in the first cohort

65%
completed the full programme

BUILT BY MEMBERS

- **PALI · health information for young women**
- **HerRoar · reporting abuse**
- **eLifeSaver · blood donor finder**
- **MONCHing · student food delivery**

> **This program has been of very good help to me.**
> Jam Randy Ankiambom, Level 1 Oppnaut

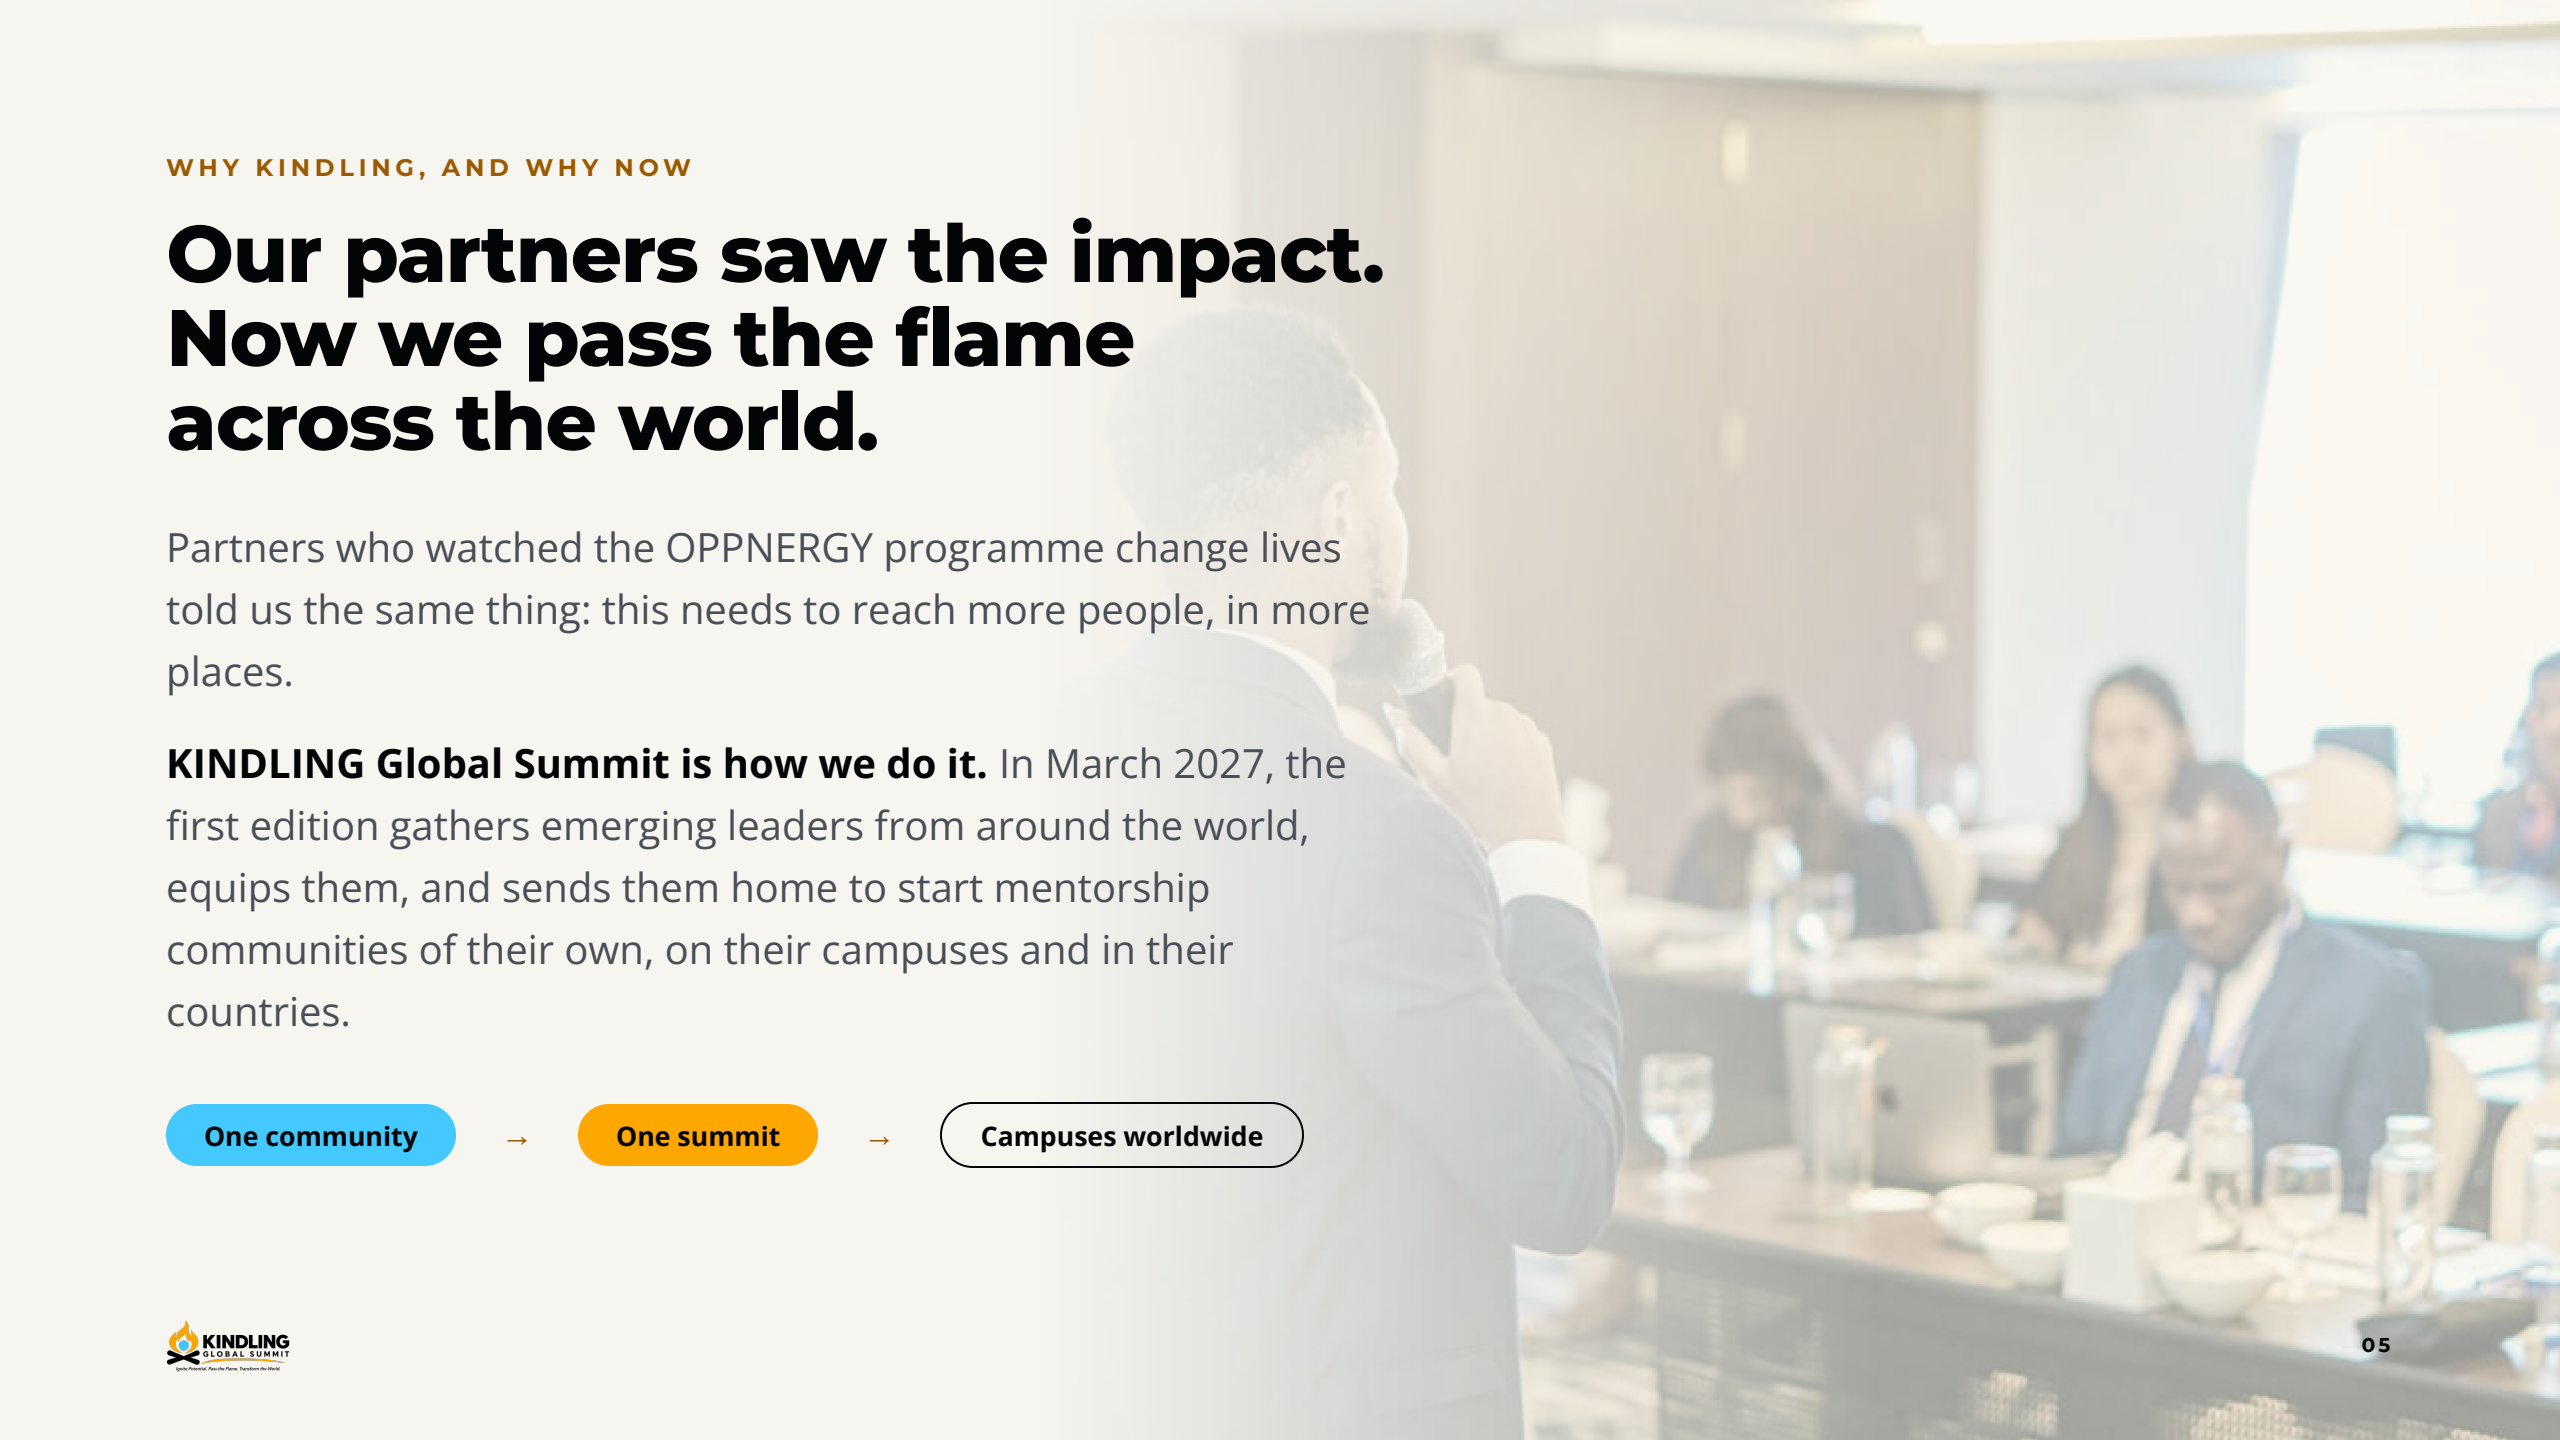

WHY KINDLING, AND WHY NOW

Our partners saw the impact. Now we pass the flame across the world.

Partners who watched the OPPNERGY programme change lives told us the same thing: this needs to reach more people, in more places.

KINDLING Global Summit is how we do it. In March 2027, the first edition gathers emerging leaders from around the world, equips them, and sends them home to start mentorship communities of their own, on their campuses and in their countries.

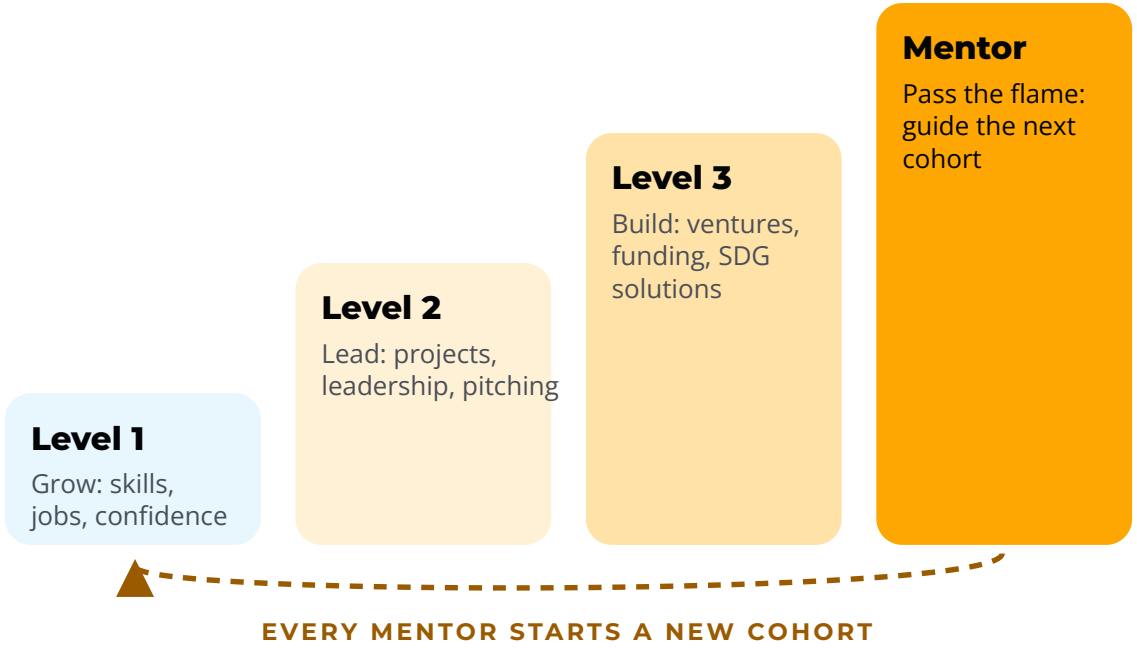

One community → **One summit** → **Campuses worldwide**

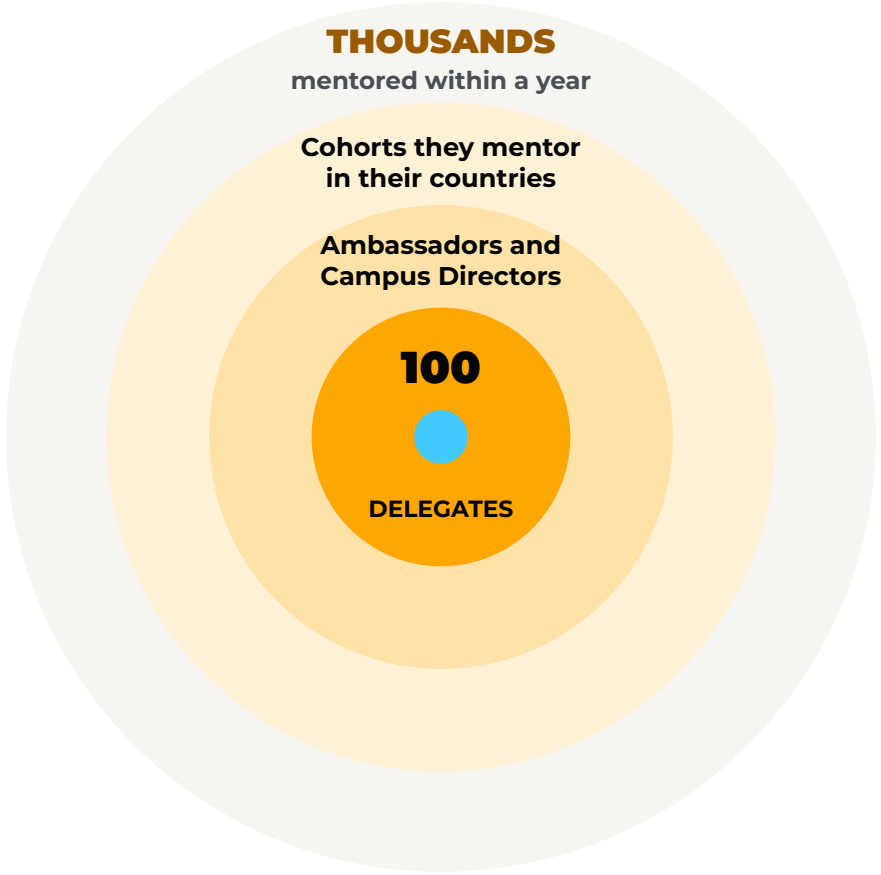

THE RIPPLE EFFECT

One summit. A ripple that reaches thousands.

Delegates go home as OPPNERGY ambassadors and Campus Directors. Each starts a mentorship cohort. Every cohort climbs the levels, and those who reach the top mentor the next.

AGENDA 2030

Solving poverty at its root.

Poverty is an **opportunity gap** plus an **ability gap**. OPPNERGY closes both through structured mentorship that turns people into job-holders, entrepreneurs and problem-solvers, and helps them find the support to grow.

THREE YEARS TO 2030

Only 35% of SDG targets are on track or making moderate progress.

More than 800 million people still live in extreme poverty. The UN calls it “a development emergency”.

WHAT YOUR SPONSORSHIP SETS IN MOTION

You don’t sponsor a seat. You start a chain.

Your support
funds a place at KINDLING

→

A delegate
equipped in Kuala Lumpur

→

An ambassador
back home, starting a cohort

→

A cohort
climbing the mentorship levels

→

New mentors
and the cycle repeats

People in work
Mentees helped into jobs

Entrepreneurs
Ventures started and supported

SDG projects
Solutions to local problems

Awards and funding
Innovation that attracts backing

You see the results: follow-ups at 30, 60 and 90 days, and an impact report on the people your support reached.
